

I don't want to loose my 94.5 FM station (K-LOVE radio). It helps me to start the day with a smile on my face. Keeps me from road rage in the mornings. Its great to have a station that has ONLY Christian music instead of other vulgar languages, obsecene talk, rap. This station gives people hope for the day that we are not alone with our trials and stress that everyone feels each day. Many people's lives have been changed, made aware of issues each day thru the eyes of Christians. Its a right all Americans have is their faith. Don't take that away from us!!! Thank you! music.
